### A Note from the Director

Dear Families,

We are living in historic times. Our nation and the world are experiencing layers of emergencies and many of our mutual support systems are offline/unavailable right now. Fortunately, we are a strong and resilient group of people and together we are strong.

Collectively we have the opportunity to help our youth make sense of the moment we are in. They are likely hearing/seeing a lot of very confusing messaging and they may be feeling scared. I suggest that above all, you take time to listen to your kids. Ask them what they are hearing and what questions they have. Help them connect this moment to other times in our history with which they may already be familiar.

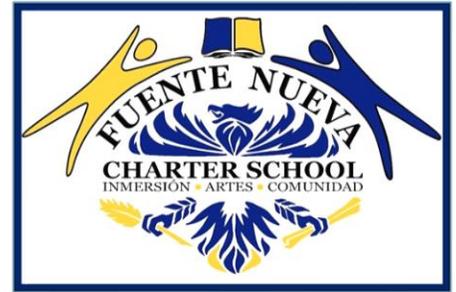

There is a lot going on right now, and it is important to stay hydrated, fed and rested. Emotions are running very high. Perhaps this moment will lead to positive change in our world. Perhaps things will get worse before they get better.

Whatever comes, we are not all going to experience events in the same way based on a lot of factors, including our races and personal/familial histories. Please be extra sensitive to one another so we may be sources of support and strength for each other in the coming weeks.

Fuente is working on putting some resources together on our website for parents to navigate these times, I will alert you all when they are posted. As always, let me know if I can help in any way.

Truly,

Directora Beth

## Fuente Nueva is Planning for the Next School Year

**Fuente Nueva is actively preparing for multiple scenarios in the fall.**

Guidance tools task us to come up with several models for our daily schedule, with the overall goal of reducing the number of students on campus at any given time. At the same time, we see that our Extended Day program will also look very different, and we are considering if and how we can meet childcare needs for our families.

*The school is planning for several scenarios.*

**To that end**, you can help us by answering a few short questions. Please take a moment to reply to the survey that is coming to you via email. While we know your decisions may change, this data will give us a starting place to be better prepared for the fall.

**We know that** parents are looking forward to more information about what next school year could look like. We are working closely with other school leaders, both local and across the state, to ensure we are kept up to date with the latest guidance. A presentation is going to be given to our charter council this week which will be recorded and placed on the school website.

## Call for Nominations for Fuente Nueva Charter Council

**The charter council has one seat open for the 20-21 school year.**

*Support the school and the students by joining the charter council.*

Fuente Nueva Charter Council is the official board of directors for our school and acts much like a school board. There are 10-15 meetings a year with some committee work in between. The time commitment is of average 3-6 hours per month. This is an excellent way to get involved with the school in an active way.

**By serving on** the council, parents gain a comprehensive view of the school and have a chance to guide the development of the

program. If you are interested please contact Directora Beth or any charter council member.

### Thank You All for Your Generosity and Strength!

We would like to thank everyone who helped support our fundraising and hospitality efforts this year! It is because of all of you that AFN is able to proudly support the education of all Fuente Nueva students; via field trips, cultural enrichment activities, school programs and events, classroom supplies and technology, teacher appreciation, and over these last couple months, with direct support to families.

**It is because of** the generosity and strength of our community that we are able to persevere and come together to help us all get through this time.

**AFN is completely** supported by our Fuente families and friends. Amigos de Fuente Nueva, page 2:

**Finally, Cafe Fuente** was a success for classes that were able to partake during the open school year. However, due to the school closure, First and Second grades were unable to host Cafe Fuente as planned.

**AFN will be providing** funds to bring both class earnings to \$300 for the year to support annual class savings towards their capstone field trips. In addition, AFN gives \$200 annually to each class towards their total balance. We strive to ensure that each class has an equal opportunity to experience a memorable and fulfilling capstone field trip.

Hasta agosto!
