

LCFF Budget Overview for Parents

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

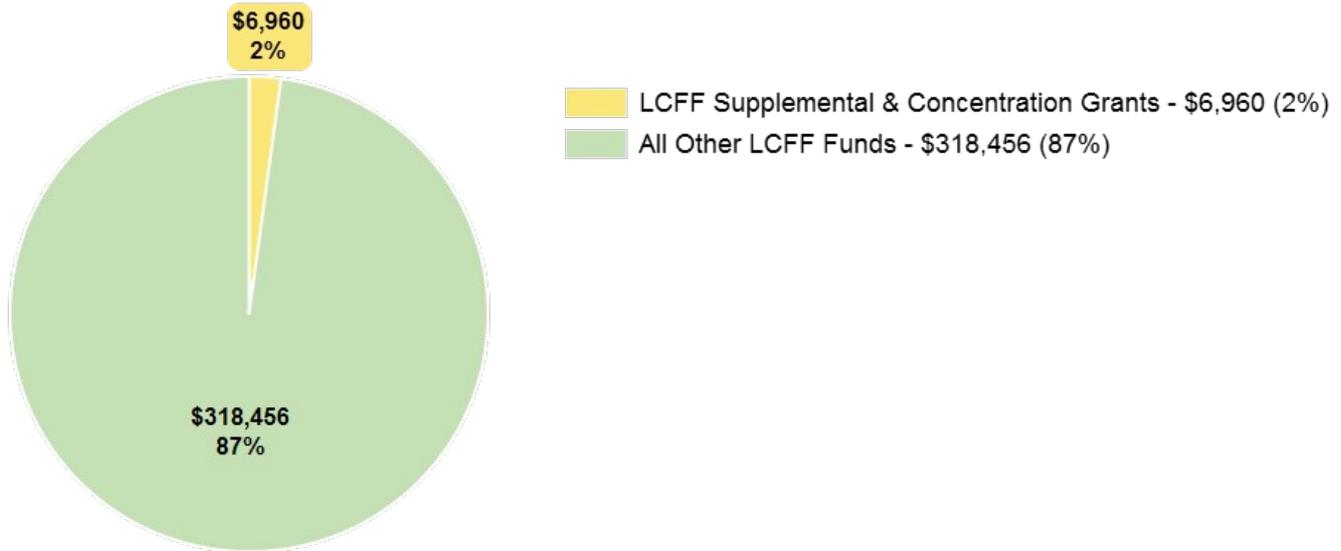

Budget Overview for the 2019-20 LCAP Year

Projected Revenue by Fund Source

Source	Funds	Percentage
All Other State Funds	\$11,677	3%
All Local Funds	\$10,447	3%
All Federal Funds	\$18,129	5%
Total LCFF Funds	\$325,416	89%

Breakdown of Total LCFF Funds

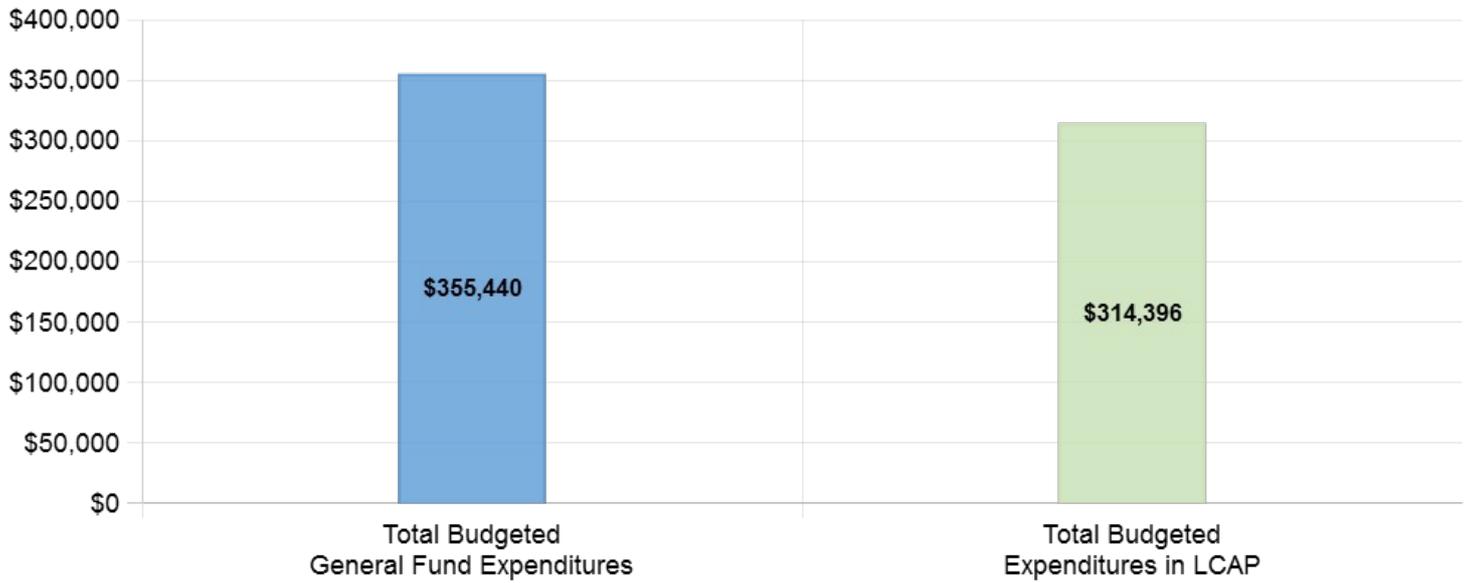

Source	Funds	Percentage
LCFF Supplemental & Concentration Grants	\$6,960	2%
All Other LCFF Funds	\$318,456	87%

These charts show the total general purpose revenue Maple Creek Elementary expects to receive in the coming year from all sources.

The total revenue projected for Maple Creek Elementary is \$365,669, of which \$325,416 is Local Control Funding Formula (LCFF), \$11,677 is other state funds, \$10,447 is local funds, and \$18,129 is federal funds. Of the \$325,416 in LCFF Funds, \$6,960 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

Budgeted Expenditures

Source	Funds
Total Budgeted General Fund Expenditures	\$355,440
Total Budgeted Expenditures in LCAP	\$314,396

This chart provides a quick summary of how much Maple Creek Elementary plans to spend for 2019-20. It shows how much of the total is tied to planned actions and services in the LCAP.

Maple Creek Elementary plans to spend \$355,440 for the 2019-20 school year. Of that amount, \$314,396 is tied to actions/services in the LCAP and \$41,044 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

General admin services, maintenance agreements, legal fees, audit fees, utilities, INS fees, benefits, cell phone, Co-op contract, STRS liability.

Increase or Improved Services for High Needs Students in 2019-20

In 2019-20, Maple Creek Elementary is projecting it will receive \$6,960 based on the enrollment of foster youth, English learner, and low-income students. Maple Creek Elementary must demonstrate the planned actions and services will increase or improve services for high needs students compared to the services all students receive in proportion to the increased funding it receives for high needs students. In the LCAP Maple Creek Elementary plans to spend \$69,672 on actions to meet this requirement.

Update on Increased or Improved Services for High Needs Students in 2018-19

Current Year Expenditures: Increased or Improved Services for High Needs Students

Source	Funds
Total Budgeted Expenditures for High Needs Students in the LCAP	\$67,908
Estimated Actual Expenditures for High Needs Students in LCAP	\$67,845

This chart compares what Maple Creek Elementary budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Maple Creek Elementary estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

In 2018-19, Maple Creek Elementary's LCAP budgeted \$67,908 for planned actions to increase or improve services for high needs students. Maple Creek Elementary estimates that it will actually spend \$67,845 for actions to increase or improve services for high needs students in 2018-19. The difference between the budgeted and actual expenditures of \$63 had the following impact on Maple Creek Elementary's ability to increase or improve services for high needs students:

The actual expenditures was only \$63 less than the budgeted expenditures. There was no difference in actions and services and the overall increased or improved services for high needs students in 2019-2020.

2017-20 Plan Summary

The Story

Describe the students and community and how the LEA serves them.

Maple Creek Elementary School District is a rural, small necessary school serving 6 students in grades TK through Eight. The diverse population has a wide range of needs from Special Education to GATE students. Sixty seven percent of students are low income. One hundred percent of the students are Native American, Asian, and a mix of Native American and Caucasian. The school tailors instruction to meet each student's specific needs and interests. Creativity, curiosity, cooperation, and collaboration are encouraged. The academic program is rigorous allowing students to excel within their talents and achieve success with their greatest challenges. Maple Creek does not have any English Language Learners and does not offer High School so the following metrics are not applicable to the district: API, UC/CSU A-G course completion, EL reclassification, AP scores, EAP college preparedness, High school dropout rate, and High School graduation rate. Maple Creek does not have any bargaining units.

LCAP Highlights

Identify and briefly summarize the key features of this year's LCAP.

Goal 2 has shown success with one hundred percent of parents/guardians participated in one or more ways through parent conferences, board meetings, fundraising meetings, school site council meetings, surveys, classroom volunteer, and events. The summer program attendees all participated in writing activities, communication skills, and summer reading. New Internet service is up and running providing several online resources and opportunities such as Chinese language instruction.

Review of Performance

Based on a review of performance on the state indicators and local performance indicators included in the California School Dashboard, progress toward LCAP goals, local self-assessment tools, stakeholder input, or other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying any specific examples of how past increases or improvements in services for low-income students, English learners, and foster youth have led to improved performance for these students.

Greatest Progress

Low-income students have shown a twenty percent increase in math vocabulary scores. Suspension and expulsion rates are at zero percent. Students feel safe at school and parents, guardians, and community members are involved in school decisions, activities, and events.

Referring to the California School Dashboard, identify any state indicator or local performance indicator for which overall performance was in the “Red” or “Orange” performance category or where the LEA received a “Not Met” or “Not Met for Two or More Years” rating. Additionally, identify any areas that the LEA has determined need significant improvement based on review of local performance indicators or other local indicators. What steps is the LEA planning to take to address these areas with the greatest need for improvement?

Greatest Needs

Due to our low student population the LCFF Evaluation rubrics are not applicable. CAASPP results are combined with local assessments for teachers to establish recommendations and generalized reports to stakeholders. Based on local assessments and teacher observations, none of our students are performing two or more performance levels below the “all student” performance. However, there are areas in which low-income and I.E.P. students struggle. The common thread to these areas is vocabulary. These students struggle with comprehension of assessment questions/directions as they attempt to demonstrate their learning independently. Research shows that students in low-income households lag behind their counterparts in vocabulary development due to a variety of reasons. Our students are no exception. Having teachers with students on a one-one basis ensures that vocabulary instruction is targeted to individual needs since not all students misunderstand or lack the same vocabulary words. The other greatest challenge is that our rural location makes it difficult to recruit part time staff.

Referring to the California School Dashboard, identify any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these performance gaps?

Performance Gaps

Due to our low student population the LCFF Evaluation rubrics are not applicable. CAASPP results are combined with local assessments for teachers to establish recommendations and generalized reports to

stakeholders. Based on local assessments and teacher observations, none of our students are performing two or more performance levels below the “all student” performance.

Comprehensive Support and Improvement

An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts.

Schools Identified

Identify the schools within the LEA that have been identified for CSI.

Maple Creek School District has never been identified for CSI.

Support for Identified Schools

Describe how the LEA supported the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

Maple Creek School District has never been identified for CSI.

Monitoring and Evaluating Effectiveness

Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Maple Creek School District has never been identified for CSI.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The teacher to student ratio, conflict-resolution instruction, and school climate goals have created a strong sense of safety and community. Facilities have been kept in good repair. The exterior wall repair has not been completed as the district is waiting on CDE waiver approval.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Communication and social-emotional skills are strong due to the school wide focus on instruction and group projects. Outcomes met with exception of exterior wall repair.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Maintenance expenditures were reduced as an employee who was high on the pay scale retired at the end of the 2017-2018 year and exterior wall repair has not been completed (Action 2). Certificated teacher costs increased due to step and column and benefit increases (Action 1).

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Will adopt a plan to repair the exterior wall in June, 2019 (Action 2)

Goal 2

All students will have access to and achieve 21st century skills and proficiency in all core academic skills and be prepared for higher education. Parents will be informed about and involved in the education process and decision making.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 7, 8

Local Priorities:

Annual Measurable Outcomes

Expected

Students enrolled in the summer program will complete a minimum of 40% of their reading logs

4-8 students that participated in the writing program will have a 10% increase in common core writing rubric scores

100% of students in grades 1-8 completed three writing styles; 100% of students in grades 4-8 completed an interview and poetry assignment.

Actual

100% of returning students participated in the summer program and 100% completed reading logs.

Analysis

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

The high teacher to student ratio allows several hands on projects to be completed at school as well as connecting those projects and learning experiences to professionals outside of the Maple Creek community. For example, a professor from Humboldt State University was brought in during our planetary studies as well as our ability to access online and hands on resources through NASA.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

Outcomes have been met or nearly met. Writing outcomes are expected to be 100% complete by the end of the year. Students participated in several engaging projects that utilize academic and communication skills; New Internet service has allowed online Chinese language classes.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

An increase of books was needed to purchase new curriculum (Action 2 and 11: 6,000 to 7,900)
 Field trips costs were increased by the School Site Council recommendation and board approval to increase opportunities for students to connect with other students and for enrichment opportunities (Action 4: 2,160 to 3,400)
 Classified Education position remains open (Action 7: 2,175 to 0)
 Classified Education position remains open (Action 6: 3,261 to 0)
 Special Education increase due to increase in students with I.E.P and triennial assessments (Action 7: 8,546 to 11,691
 (Action 9) This expenditure was increased to provide enrichment when the enrichment teacher position was vacant. Reduction in expenditures occurred due to filling the enrichment teacher position and guest instructors volunteering their time.
 (Action 10) Some students received scholarships to Redwood Writing Camp and the school bus transportation was not available

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Summer Program (Action 10) may include options to the writing program, thus broadening the enrichment experience and student choice. Method of evaluation for the summer program may be changed to a survey or participation rates rather than writing rubric. It is recommended to remove outcome number 7 (homework). Action 9 may include a foreign language component (and/or replace the guest instructor funds) now that Internet access is available.

Goal 3

Staff will understand and respond to the reasons behind student absences and of the importance of attendance while involving parents in finding solutions.

State and/or Local Priorities addressed by this goal:

Complete a copy of the following table for each of the LEA's goals from the prior year LCAP. Duplicate the table as needed. Use actual annual measurable outcome data, including performance data from the LCFF Evaluation Rubrics, as applicable.

Describe the overall implementation of the actions/services to achieve the articulated goal.

Home to school transportation was provided; Nutrition education and healthy food provided; Information related about the importance of attendance was shared with all stakeholders primarily the students, parents and guardians. All of these outcomes are to improve attendance and the health of our students.

Describe the overall effectiveness of the actions/services to achieve the articulated goal as measured by the LEA.

100% of outcomes were met under Goal number 3.

Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures.

Home to school transportation was interrupted between the resignation of a bus driver and the recruitment of a new driver. The temporary absence of a bus driver and hiring a new driver reduced transportation expenses (Action 3: 29,157 to 17,240)
 An increase in enrollment accounted for the increase to Food (Action 4: 800 to 1,200)
 Classified position remains vacant (Action 1: 3,261 to 0)

Describe any changes made to this goal, expected outcomes, metrics, or actions and services to achieve this goal as a result of this analysis and analysis of the LCFF Evaluation Rubrics, as applicable. Identify where those changes can be found in the LCAP.

Removing Secretary position (Action 1) may be considered due to the vacancy being over one year.
 Rewards for attendance will be removed (Action 2).
 Staff recommends changing the weekly snack to a monthly snack and adding a reward for participation in the walk/run program.(Action 4).

Involvement Process for LCAP and Annual Update

How, when, and with whom did the LEA consult as part of the planning process for this LCAP/Annual Review and Analysis?

08/22/18 Staff meeting: Reviewed goals, data, and created chart/checklist for collecting data for the year

10/31/18 Public event: Public invited to attend the Fall Performance and Carnival as well as discuss what the school has to offer for students and the broader community.

11/15/18 Community Fall Gathering

12/21/18 Winter performance and gathering. Public invited to be a part of the LCAP review and shaping changes for the upcoming years.

11/28/18 School Site Council Meeting: goals, metrics, performance data, and progress reviewed and discussed. The council agreed with the School Board decision on September 14, 2018 to increase field trip funding and recommended an increase to field trip funding be placed in the LCAP in lieu of the vacant enrichment teacher position.

12/14/18 School Board Meeting: *discussed alignment of mission statement with lcaph; professional development options/direction

01/18/19 Community Gathering: public invited to discuss the direction of the school and challenges facing the school.

01/18/19 School Board Meeting: discussed direction of school; professional development; foreign language; enrichment opportunities

02/14/19 Community Event: Community Tea; LCAP input welcomed

03/08/19 School Board Meeting: annual review; professional development

03/28/19 Certificated Staff Meeting: Reviewed and edited annual update (nutrition/fitness; homework; attendance)

04/03/19 Staff, Student, and Parent/Guardian surveys

04/10/19 School Site Council

04/11/19 School Board Meeting: annual review; recommendations for the future

05/01/19: Community Event

05/10/19 School Board Meeting: Preliminary View of the LCAP

05/29/19 School Site Council Meeting: Reviewed and approved LCAP

06/10/19 School Board Meeting: Public Hearing for LCAP and Budget

06/13/19 School Board Meeting: Adoption of LCAP and Budget

*Maple Creek Elementary School District does not have a bargaining unit. Stakeholders were invited to be involved, and were involved, in a variety of platforms including surveys, parent conferences, SSC, board meetings, MCFC, events, face to face conversations, newsletters, website and Facebook posts. Informal community meetings and phone conversations occur frequently. Community members attend school events and volunteer to be judges for the Maple Creek History Day.

Impact on LCAP and Annual Update

How did these consultations impact the LCAP for the upcoming year?

11/28/18 School Site Council Meeting: An increase to field trip funding was approved on September 14, 2018 (Goal 2, Action 4); It will be revisited if the enrichment teacher position is filled (Goal 2, Action 9).

01/18/19 School Board Meeting: Foreign language classes are addressed (Goal 2, Action 9).

03/28/19 Certificated Staff Meeting: Recommended changing Goal 3, Action 4 replacing nutrition goal with a fitness goal; removing outcome number 7 of Goal 2.

04/10/19 School Site Council and 04/11/19 School Board meeting agreed to:

Goal 2: Action 10, Broaden Summer Program to a camp that encompasses a broader range of student interest (students presented their summer program letters at the board meeting that influenced the board's decision). Outcome 7 will be removed. Action 9, \$500 for guest instructors will include online instructors and instructors in town on field trips.

Goal 3: Action 2, rewards for attendance will be removed. Action 4, the weekly snack will be changed to a monthly snack and a reward incentive will be provided for participation in the walk/run program

05/29/19 School Site Council Meeting: Reviewed and approved LCAP; made typographical corrections

06/10/19 School Board Meeting: Public Hearing for LCAP and Budget was held

06/13/19 School Board Meeting: LCAP and Budget were adopted

Goal 2

All students will have access to and achieve 21st century skills and proficiency in all core academic skills and be prepared for higher education. Parents will be informed about and involved in the education process and decision making.

State and/or Local Priorities addressed by this goal:

State Priorities: 1, 2, 3, 4, 7, 8

Local Priorities:

Identified Need:

Teacher observation and local assessment show a greater need for vocabulary development, one to one assistance, and small group instruction. Low-income students have the greatest need for these services. Common core writing rubrics, homework participation, and reading log records show a need for academic support and a summer program. Students living rurally have a greater need for field trips and access to technology.

Demonstration of Increased or Improved Services for Unduplicated Pupils

LCAP Year: 2017-18

Estimated Supplemental and Concentration Grant Funds

\$23,606

Percentage to Increase or Improve Services

5.66 %

Describe how services provided for unduplicated pupils are increased or improved by at least the percentage identified above, either qualitatively or quantitatively, as compared to services provided for all students in the LCAP year.

Identify each action/service being funded and provided on a schoolwide or LEA-wide basis. Include the required descriptions supporting each schoolwide or LEA-wide use of funds.

Under Goal 2, Action 8 unduplicated students will receive more one to one and small group instructions with increased teacher FTE under goal number two. Research shows that students in low-income households lag behind their counterparts in vocabulary development due to a variety of reasons. Our students are no exception. With 83% of students being low-income, the actions and goals are school wide allowing our low-income students to be principally served without segregating the low and middle income students. Having teachers with students on a one-one basis ensures that vocabulary instruction is targeted to individual needs since not all students misunderstand or lack the same vocabulary words. This vocabulary development benefits all students but is critical for low-income students to be prepared for academic success and independence in high school and college.
